Dear Steve,

On behalf of Continental Development, I would like to express our thanks and appreciation to you and the outstanding job you have done for us. For the past three years you have provided excellent service on a variety of projects, never failing to impress us with your commitment to quality, knowledge, and attention to detail.

Your effort to provide proactive recommendations on issues before they became large problems is an excellent example of the high level of organization, professionalism, and communication that you displayed.

Please do not hesitate to use us as an enthusiastic reference; it has been a pleasure to work with you.

Best regards,

Bennett Talsky
