Excaliber Contractors
1531 S. Grand Ave.
Santa Ana, CA 92705
ATTN: Steve Riggins

Dear Steve,

I am pleased to supply this letter of recommendation to Excaliber Contractors.

Having dealings with you during the design and construction of our 19,870 SF two-story office building in 2003, made the decision to complete an extensive upstairs tenant improvement easy for us.

The entire execution and management of the project exceeded our expectations. The subcontractors that were hired did an outstanding job, and the job was completed on time and within budget. Your attention to detail was apparent from the very beginning and served us well throughout the entire project. Overall we couldn't be more pleased.

We would be happy to talk in more detail to any prospective clients about our Excaliber Contractors experience.

Sincerely,

John T. Barron
Division Manager
